

# ARE YOU A NUMERACY NINJA?

## CHALLENGE

Count how many smarties or sweets are in the packet. If it's an odd number, eat one!

1. Count the smarties in 2s.
2. Count the smarties in 5s.
3. Which colour is the most popular?
4. What is the difference between the most popular colour and the least popular?
5. Draw a pictogram to show how many of each colour are in the tube.
