

SNAG Team
Wednesday 12th March 2025

1. **Members Present** – Isla, Elliot, Olivia, Thomas, Bella, Austin, Evie and Mrs Penter.
2. We discussed the results of the first task and we identified that our school was very happy with the food that was being served. We had already submitted the results of this survey to Food for Thought so we were really happy to receive our first badge.
3. We have decided to complete Task 2 before Easter and will feedback the results to Food for Thought.
4. We will all try and complete the 10 foods challenge to set an example to our classes. This will involve us eating 10 different meal options at lunchtime over the next few months. If we complete the challenge, we will receive a certificate.
